

Socrate Outdoor refers to a system of modular outdoor/indoor furniture. Socrate Outdoor items are designed to be multifunctional and come equipped with accessories for adapting them to any one of the various uses to which they can be put in a given place, be it small or large.

Codes: **4600E-AN, 4600E-TU, 4800E-AN, 4800E-TU**

Dimensions: 45 x h. 160 cm (4600E-XX)
45 x h. 83 cm (4800E-XX)

Description: Uprights in electro-welded steel rod, galvanized and epoxy powder-coated for outdoor use (colours anthracite grey or pastel turquoise). They are composed of three rods (\varnothing 7mm) aligned on the front and another three (with same characteristics) in the back, joined by pairs of horizontal and inclined rods (\varnothing 6mm) every 19 cm. The uprights are equipped with height adjustable feet in galvanized steel and epoxy powder-coated for outdoor use (colours anthracite grey or pastel turquoise). The feet have holes (\varnothing 6mm) for possible fixing to the floor. The gap between vertical rods is about 5 mm and allows the passage of M4 screws designed to fix crossbars and back parts.

Foot detail
Holes for possible fixing to the floor.

Codes: **4700E-AN, 4700E-TU**

Dimensions: 43 x h. 152,5 cm

Description: back parts in electro-welded steel rod, galvanized and epoxy powder-coated for outdoor use (colours anthracite grey or pastel turquoise). They are composed of two pairs of rods (\varnothing 7mm) aligned on the sides, joined by horizontal and inclined rods (\varnothing 6mm) every 19cm. The back parts are fixed to the uprights by means of M4 screws. They can be fixed together by means of a connector cod. 4750E-I.

Codes: **2940E-AN, 2940E-TU**

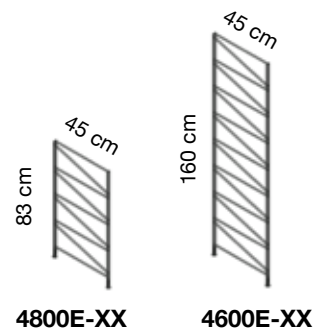

Dimensions: L. 45 cm

Description: rear support crossbars consisting of 2 steel rods (\varnothing 8mm) flattened and drilled in the centre and in both ends. Realized in galvanized steel and epoxy powder-coated for outdoors use (colours anthracite grey or pastel turquoise). The rods are fixed to each other and to the uprights with M4 screws and self-locking nuts and washers.

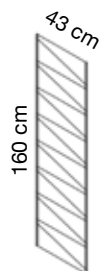

Codes: **4750E-I**

Dimensions: \varnothing 1,2 cm

Description: connector (length 17mm x \varnothing 12mm) in stainless steel for linear connection of two back parts cod. 4700E-XX. The connector is fixed to the back parts with M4 screws and washers.
